Windscape Apartment Homes

First off, we would like to thank our residents for the continued patience they have showed with construction and painting. Your patience is greatly appreciated! As a reminder, prior to construction or the painters working on a building each resident will get a notice letting them know the dates that the crews will be there. The construction crew goes building to building alphabetically. As necessary they will replace windows, siding, etc. The painters are following alphabetically to paint the building exteriors. Before the painters paint they pressure

wash the buildings. For this all items on porches and patios must be moved. Your windows must also be closed

Fall is officially upon us!

on these days.

The fall hours have not yet taken place, we are still working summer hours

here in the office! This means we will be open Monday– Friday from 7-6, Saturday 10-4, and closed on Sundays.

The office may be closed on Saturday October 15th due to short staffing in the office, notice will be posted on the door if so
